

# 35012 Fund

Help us restore this coach!

You may ask what is the 35012 Fund? The Gwili Railway Preservation Society is launching a fund to enable Mark 1 Brake Coach 35012 to be returned to traffic. The coach was bought by the late Doug Rice in 1990 and entered traffic on April 1st. The coach has four compartments seating up to 32 passengers, it has its own WC, a Guard's brake area and a large adaptable parcels/luggage area suitable for conversion for those living with a disability. Sadly it has been out of use for 11 years requiring repairs.

Apart from the need for a second Brake Coach, we also need to have a more improved area suitable for those living with a disability. This includes a dining facility, seats for carers and with improved visibility out of the coach. It will be a fitting tribute and legacy to a much-loved volunteer and Committee member of the Society. Doug ran the 300 Club for many years, until just before he passed away, taking it from strength to strength. We propose to allocate all the profit from the 300 Club into the fund, so if you are not a member please join Doug was also a driver, a fireman and a signaller, as well as working on the track before he was taken ill.
